

General Elections 2016

Manifesto

For the post of Senator UG Y-14

Arshil Abbas Naqvi

14137

B-103, Hall 5

Proposed By:

Sushant Sirohi (14734)

Seconded By:

Saurabh (14612)

Wasim Akram (14382)

My sole **mission** is to take the issues concerning the students to the senate, regularly and effectively, however small they might seem, by being a perfect representative of the views of the students of my electorate.

If elected I would work towards the following:

1. Footpath along the road besides Swimming Pool:

The road near the Swimming Pool has no footpath built along. Which often incurs the risk of accidents, especially during the rainy season.

2. More E-rickshaws:

Going to our main gate is a pain, as there is not enough conveyance. Increasing the number of e-rickshaws might solve the problem. Moreover, these e-rickshaws go from Nankari side to Gate. Some of them should start from M-T section or near the Hall 2 gate, so as to facilitate the students more.

3. Dustbins in Academic Area:

There is a very less number of dustbins in the Academic area, especially near the Lecture Hall Complex which becomes a problem for someone trying not to make the area dirty. So, a number of dustbins should be placed at relevant places.
