

Connecting Gate of GH1 and hall 6

Proposed by- Ms Aditi Jublie, President GH-1
Ms Aayushi Bansal, Convener CoSHA

The gate connecting GH1 and hall 6 is of extreme importance to residents of both the halls in terms of accessibility to shops and more importantly Health Centre. It has recently been closed citing various security reasons and lack of funds. This has severely affected our residents.

We request CoSHA to opine on the same and suggest ways in which this issue can be dealt.
