Dear Chairman, CoSHA

This is to bring to your kind consideration, the issue of loud music being played in the Nankari region that has been in constant violation of the decibel norms. During the night time of 20th-21st November, it was being played from around 8pm (20/11/17) to 2am (21/11/17) at an extremely loud volume. It has been affecting the daily routine of students who prefer to study in their hostel rooms during end-sem exams. Especially the ones residing in Hall-12 and Hall-2 due to their close proximity to the Nankari region.

As per my knowledge, I believe it had been brought up in the Security Advisory and Executive Committee (SAEC) some time ago. Though I would request you to bring this to their notice once again as there hasn't been any significant development on the same. Kindly forward it to the relevant functionary in the security section to intervene in this issue and discuss it with the city administration as soon as possible.

Please inform us of any further correspondence. This issue would be forwarded as an item in the next CoSHA meeting scheduled to be held on 5th January 2018. Please do let me know if I may help in any way.

Copy of complaint forwarded by Mr. Venkat (Resident, Hall-3) is attached below. Venkat, please do let us know in case if you have any other relevant information to share with us. Thank you for bringing this up.

Copy To:

1. Chairman, Students' Senate
2. Mr. Siddhant Naik (Former President, Hall-2)
3. Mr. Abhishek Singh (President, Hall-12)
4. Mr. Anant Chopra (President, Hall-3)
5. Mr. Kishore Kumar (Senate Nominee, CoSHA)
6. Mr. M Venkat (Resident Student)

Warm Regards

Hi Pratyush,

I am Y-16 guy writing to you. Now a days late in the night there is a lot of disturbance from the DJ's from the surrounding villages, it is causing a lot of disturbance while studying and doing our work mainly during this Exam time.

I am writing this to you because as you are COSHA convener please bring this matter into the meeting and find a solution for this. It is causing a lot of trouble to people living in Hostels.

Thanking you,
