## Mission & Vision

Films and Media in modern times is not just a means of entertainment and pleasure but it plays a vital role for the people to express their opinions and raise their voices through which they can contribute to this society, I intend to tap the entire potential of the council to provide a platform where these voices are heard simultaneously promoting the sheer joy of indulging in the activities of the council.

I envision Films and Media as a medium for people to gain a new insight into this world and learn to express themselves differently, in a manner that is subtle yet strong, while growing as an individual throughout the process. I would like to promote a culture where people learn the art of gaining insight which would not only increase our participation but also open up new horizons for people to learn and develop.
