

MANIFESTO

CANDIDATE NAME: PRANSHU GARG

Contesting for post of senator UG Y15

SECONDER 1: AKSHAY AGARWAL

PROPOSER: MILIND LUTHRA

SECONDER 2: YASH SRIVASTAV

VISION: To present a strong voice of UG Y15 in the students' senate and uphold the position of a senator with full responsibility and take part in decision making regarding the life and general wellbeing of the students with rational and intelligent mind-set. I would represent the voice of my whole batch at the students' senate and vow to uptake my duties with full sense of responsibility if given a chance.

TARGETS AND FOCUS

1) MAKING CAMPUS CASHLESS WHEREVER POSSIBLE

While making the whole campus cashless is not possible due to the various dimensions of our campus, this should be done wherever possible such as the new sac and replacement of the mess coupons with POS systems running on i-cards. I would like to raise a proposal for the same in the senate.

2) VENDING MACHINES IN ACADEMIC AREA

While the student lounge is being built in the LHC foyer, there must be some source of refreshments after the long lab hours. This issue must be raised by me if I get to take up the duty of a senator.

3) IMPROVISED TRANSPORT INFORMATION

As everyone in the campus junta can't afford the luxury of cabs for their transfer to the Kanpur city, I would raise a proposal to upload the numbers of some auto rickshaw drivers (background verified) similarly to the numbers uploaded for cab drivers.

4) SEATING SPACE IN LIBRARY

Of course, everyone must have felt scarcity of seats in the library specially during exams. This issue would be taken up by me in the senate.

5) SMALL FASHION OUTLETS

Every now and then we do feel need of new clothes be it a party or a formal thing such as the placement season and convocation and it definitely is a big headache to carry all your clothes from home. A small clothing store and shoe outlet may serve the purpose. So if I get to the senate, I would like to raise this issue as well.

6) SPORTS FACILITIES

Every one of us is associated with some sport or the other and hence we do regularly need sport specific equipment for personal use. Our current sport shop is not up to the mark for the same. Improvising upon the same and also on the quality and quantity of the sports equipment that we can issue would be one of my major concerns.

7) FIRST AID IN EVERY CORNER OF INSTITUTE

While mishaps can happen anywhere, it is a dire need to have immediate medical available at all places. I would propose in the senate to have first aid kits all around the campus specially in sporting facilities and all the halls along with the regular check on the quality of medicines.
