RUTUJ JUGADE

- 14572
A-429, Hall 10
IIT Kanpur
Email: rutuj@iitk.ac.in

Contesting for: Senator, UG Y14

About Me:

I am a 2nd year UG of the Department of Electrical Engineering. Some of my credentials are:-

1) Student Guide

2) Executive, Public Relations Cell, Antaragni'15.

3) Member,Institute Cricket Team

MANIFESTO:

- **Alternate Add-Drop Process Suggestion**

  I would like to propose an alternate Add-Drop Process.

  ➤ The process (Add courses) must start at 7 pm instead of at 10 am on the same day as it currently is.

  ➤ Many students have classes at 10am and hence are forced to make a compromise so as to be able to request for the course early.
  This way all students will have a fair chance to be any early requester for the course.

  ➤ Parallely, an unofficial portal should be setup wherein students can express their will to add/drop a course. For each course the no. of students registered, willing to add and willing to drop will be shown.

  ➤ This is to give students a better idea of the current statistics related to the course and help them in making a more informed decision.

  ➤ The portal would be completely a student level initiative and no activity here would be considered a formal Add/Drop request.

- **Hand Dryers in all Hall Mess**

  ➤ It is commonly seen that the towels kept in messes get extremely unclean and soggy.

  ➤ I propose the use of 2 hand dryers in each mess (1 for each hand-wash section) instead of the current towel system.

  ➤ This will ensure a better level of hygiene in all the mess of IIT Kanpur.

- ## **Official Public Discussion Forum on Senate Proposals**
  - ➤ Students Senate proposals should be shared on socila media (like Facebook) to allow public discussion on them.
  - ➤ The Chairperson or any other Senate authorised body can monitor which proposals should be made public.
  - ➤ The wide reach and easy use of social media makes it a convenient platform for Senator-Public interaction. This potential if tapped can reduce the growing concern in the electorate of a comunication gap.
  - ➤ Making it official, rather than a voluntary student initiative, will I feel help improve public participation and involvement in Gymkhana activities.

- ## **Gaming Events at Inter Hall level**
  - ➤ Inter Hall gaming events can be made a part of General Championship.
  - ➤ Games that promote strategic thinking, teamwork and coordination can be reintroduced/added in Takneek. Chances of cancellation due to time constrains should also be taken into account.(as had happened in Takneek'14)

Some other points I would like to raise:
- CPA selection again in 2nd Semester. Same CPA may be retained with permission of coach/captain only.
- The process of approval of DUGC for Add/Drop of courses should be speedened so that students can be alloted sections and start attending the course without any hitches.
- Request the making a new website(or actively use Brihaspati) for all courses so that a student can access all information related his/her registered courses in one place.

THANK YOU

Date of Polling: 16th Jan 2016.
