

## **Swastid Sharma (150755)**

**Contesting for the post of Senator UG Y15**

**Proposed By-**

Abhas Ankit 150008

**Seconded by-**

(i) Kaustubh Mundra 150326

(ii) Saurav Goyal 150652

**Vision:-**

To ensure that every batch mate of mine is able to access all the facilities that are already present in the campus with ease and comfort. Also to be able to provide new facilities required by the campus. I want to act as a medium between Y15 junta and the senate, so that anyone can indirectly reach the senate.

## **Mission:-**

- I had proposed to make the booking process in visitor's hostel online. This is already in process but would take time. I propose that the gymkhana finds volunteers for the same and hastens the process.
- I would propose to engage professional help to enhance the diversity prevailing in various clubs because if only seniors instruct then ideas get monotonous. Also it would create an opportunity for someone to learn and pursue their interests.
- Unmukt has recently become a council under the gymkhana and even participated in mélange 2016. I had proposed that there be regular lectures regarding gender sensitivity and other issues in the campus. I propose these to be included in the gymkhana calendar.
- The new website for OARS is already in process. In light of recent events about Microsoft pulling the plug on internet explorer, I would ensure for

an updated version of the above mentioned  
supportable with other browsers is released soon.

Credentials:-

Senator UG-Y15(2015-16)
