

Students' Senate (2016-17) Indian Institute of Technology Kanpur

To consider the proposal of having more Minors in HSS disciplines:

Proposed by: Ashutosh Ranka (President, Students' Gymkhana)

Seconded by: Vipul Garg (Senator, UG Y12)

Ayushya Agarwal (Senator, UG Y14)

Currently, the minors in HSS are being in only two English disciplines, namely:

1. Minor in Linguistic theory
2. Minor in English Literature

It has been observed that a lot of students are interested in pursuing minors in HSS disciplines (including Economics).

Proposal:

It is recommended that the Academics and Research Cell carry out a survey on the students' list to get an idea about the students' inclination in the HSS disciplines. Based on the feedback, a list of probable minors should be then taken up in HSS departments and SUGC for final approval.

It is also recommended that the proposal of retrospective minors in all these disciplines should be equally pursued as it caters to the constraint of limited seats in some of these disciplines.
