### **Mission and Vision**

- I. A price and quality regulatory body at the Campus Shopping Complex which would keep a check on the quality of non-branded products and receive complaints regarding the same.
- II. Printing facility in the CC and library during all operating hours, which could be automated to keep a track of no. of pages printed by a person and added to his library dues.
- III. Better management of club events and workshops to avoid clashes, preferably using time slots and a coordinator to coordinate between different clubs. This should be specially taken care of during the introductory lectures for freshers.
- IV. Improving upon the Wi-Fi infrastructure in common places like the OAT and extending it to the whole campus if possible.
- V. Installing RO water purifying systems at all drinking water booths in the campus.
- VI. A more comprehensive road layout with a wider bicycle lane.
