

ANKIT BHATIA (13116)

For the post of y13 Senator

Proposed by: Shashank Kashyap

Seconded by: 1)Avinash Chauhan

2) Sachin Singh

In my one month stay in IITK, I have seen and participated in various campus activities which has helped me in understanding the functioning and mechanism of various societies and clubs of the campus. I have tried to relate senate meetings with other activities in the campus, and this has motivated me to dedicate more of my time towards senate.

What do I want to do ?

To begin with during my one month stay I have seen many problems in IITK campus.

- 1) We all have faced problem, that for every single thing we have to run to hall CC or main CC. So, I am ready to debate in the senate and propose that laptop should be allowed at least in second semester of first year.
- 2) During one month's stay in campus all of us have faced water drainage problem and I would like to bring this issue forward.
- 3) I would like to increase timings of library on Sunday and also changing of shop timings in Shop C on Sundays.
- 4) I would like to further work on problem faced by many students that number of seats in sports in CPA should be increased.
- 5) I will ensure that y13 students are aware of senate proceedings and encourage them to attend senate meetings.
