

**Resolution regarding Minors**

*Proposed by: Anurag Sahay*

*Seconded by: Sarthak Chandra*

The Students' Senate resolves an unfortunate situation has arisen regarding the implementation of Minors for undergraduate students of the Y11 batch wherein even now, at the end Y11's 4<sup>th</sup> Semester, the list of Minors and the procedure through which a student shall apply for or will be guaranteed a Minor is unclear. The Students' Senate further resolves to condemn the Institute and the academic Senate for its apathetic and injudicious implementation of the recommendations of the Academic Programmes Review Committee (APRC). The Senate believes that the Institute has failed to fulfil the moral obligation it has towards the students of the Y11 batch.

The Senate further resolves that the final list of Minors (with at least one Minor per department) must be prepared and all the rules and procedures pertaining to the implementation of the Minors, in particular to registering for/requesting a Minor should be made clear to all students of the Y11 batch over the summer so that students can make an informed choice at least during Add/Drop.
