

Soccket

An invention that not just gets kids to exercise and burn off their excess energy but even saves this energy to power your household

'An invention with revolutionary potential for the developing world' - TED

'Its quite extraordinary, Kick a ball turn on the light' - Bill Clinton

DARwin

DARwin-OP stands for Dynamic Anthropomorphic Robot with Intelligence–Open Platform is a miniature-humanoid robot platform with advanced computational power, sophisticated sensors, high payload capacity, and dynamic motion ability.

AR Pool

This device uses a mounted camera to capture and model the current position of all the balls on the 8 ball pool table. Enter augmented reality, the system then projects onto the table the outcome of your shot as you line up the cue. Allowing you to perfect your aim and strike. There's this nifty physics simulator that suggests the best shot given the location of your cue ball in relation with the other balls and pockets that makes it magic.

Jeff Lieberman

MIT Roboticist

Host: Time Warp (Discovery Channel)

He shows technological sculptures around the world, to bring people an emotional and mystical connection with science and the universe

Marshall Strabala

Chief Architect : Shanghai Tower

Architect : Burj Khalifa

Robert Aumann

Nobel Laureate, Economics (2005) : For his work on conflict and cooperation through game-
theory analysis

Boaz Almog

TED Speaker

High Tc Superconductivity Group School of Physics and Astronomy
Tel Aviv University

"It looks like something out of a magic show, where the magician is able to defy gravity and float or levitate an object in midair with no apparent explanation." - CNN.com

Arunachalam Muruganantham

"No human being ever died because of poverty.
Everything happens because of ignorance."

- Arunachalam Muruganantham

TED speaker, Low Cost Sanitary Napkin

Bindeshwar Pathak
