

## SuperSapiens

Team Event, Open-To-All

Points: 15

Think could there really be a Peter Parker alter ego for a Spiderman? Put on your thinking caps as BRaIN brings to you a chance to fill life in your favourite superhero.

ELIGIBILITY: Open to All.

RULES:

- 1.This is an individual event. Any number of entries will be accepted from each pool.
- 2.Students have to submit a creative and innovative article on the given topic.
- 3.Plagiarism of any kind will result in rejection from the competition.

TOPIC: "Your favourite superhero -biologically possible?"

Basically, you must write an explanation on how you think your superhero could be modeled on

a normal Homo sapien (just like you) BIOLOGICALLY. Your ideas must not be based on fantastical

themes (like Hal Jordan getting a power ring from aliens), but on plausible concepts of biology.

Format

- Each participant will have to submit an article on his/her idea(2000 words max).
- Students have to submit a soft copy of the article by mailing it to [brainclubiitk@gmail.com](mailto:brainclubiitk@gmail.com) with subject "Takneek Article\_Your Name\_Pool Name".
- The deadline to submit the article is 23:59 Thursday,29th Aug

JUDGING CRITERIA:

Judging will be done by a panel of PG/PhD students.

Your article will be judged on the following points:

- correct biological explanation of the powers.Your superhero can have at most 3 super-powers.(You will be graded for the explanation of the first 3 powers you explain in your article) – 60%
- feasible biological origin of the powers. – 10%
- citation of any existing biological system or theories that can support your explanations.(REFERENCES fetch you extra points) – 10%
- innovation. – 20%

In case of any dispute, the decision taken by the BRaIN Team will be FINAL.
