

Gliding Hunt

Pool Event, Open to all

Points: 20

- From each pool only one team can participate in this contest. Every team should have 2 members. Registration will be done on the spot.
- The contest will be organised in two steps-
 - In the 1st step, one member has to take 3 pictures of the given places from a flying glider.
 - In the 2nd step, the same member has to identify the location of objects which we will implant in IITK campus with the help of a binoculars, and tell the other member through a communication medium which we will provide on the spot to mark the location of the objects on the given map.
- Photography part carries the reward of 30 coins and Identifying part carries 70 coins.
- The team which gets more coin will be the winner of this game.
