

STRATEGY BASED

DoTA

Pool Event

Points: 20

This is a strategy based pool event. The pools will compete against each other in a game of DOTA 2. The players can participate from their rooms in this knockout type event. The game will have to be played in the Captains' Mode match format.

All the players of a particular pool must sit in 5 consecutive rooms of their respective hall.

A moderator will be present with the teams during the event to ensure smooth conduction

It is a pool event and hence only one team can participate from each pool, with no change in team allowed after the first match.

The pool has to submit 5 steam account numbers from which the game would be played

The knockout matches will be decided randomly. In case we have an odd number of participating pools, groups will be decided by lottery and a round robin format will be followed by finals.

Specifics:

- Open to students of all batches.
- Pool Event.
- Fixed team members for all matches.
- All the matches except the final will be a Best of 1 match.
- Final will be a best of 3 match.
