

## **Manifesto for the post of Department's DPGC student representative.**

I would like to nominate myself for the post of Department's DPGC student representative. I am a second year M. Tech. student, Department of Chemical Engineering.

I have been involved in interaction with all batches to my best whether it was junior, senior or my batch. I am a member of Chemineer's team for this year. I was runner up in the Chemineer's Quiz held this year.

I believe that I can act as a strong link between students and the administration side; making sure that both receive appropriate aspects and full stories of each other while considering any decision.

Abhishek Verma (12102002)

M.Tech

Department of Chemical Engineering.
