CULTURAL COUNCIL

GALAXY 2013

(4th March – 10th March)

Introduction

Galaxy 2013 was successfully conducted from 4th -10th March 2013. Significant features of Galaxy'13 and suggestions from this year's organizing team for next year's Galaxy have been covered in this post-conduction report. General Championship's pool structure, as decided upon the senate floor, was followed in Galaxy'13 as well. Normal pool division pursued uniformly for all competitions was:

Marathas: Hall10 + Hall8 + GH2

Mauryans: Hall 3 + Hall 7+ Others

Mughals: Hall5 + Hall 4

Rajputs: Hall2 + GH1

Organizing Team

Galaxy 2013 was organized by General Secretary Cultural Council along with the Overall Coordinators ratified by the senate. Core team comprised of the following members:

1. Sonal Kumari (General Secretary, Cultural Council)
2. Mayank Bhardwaj (Overall Coordinator)
3. Vaibhav Goyal (Overall Coordinator)
4. Anurag Dash (Overall Coordinator)

Supporting the core team in this endeavor were the Club Coordinators of the Cultural Council whose sincere efforts ensured smooth and timely conduction of events. Others involved, apart from those mentioned above, worked hard to present free, fair and highly competitive events.

Point Structure

Structure proposed in the pre-conduction report (100%, 60%, 30% and 10%) was followed for all the events. Overall sum of scores of all teams/submissions from a pool was taken into consideration to decide the four positions, unless anything otherwise was specified in the pre-conduction report. No changes were made in the individual point division (as was proposed in pre-conduction report) of any event during Galaxy.

Judging

All the judges were informed regarding the proposed criteria prior to the event; however the final distribution was left to them. Levying of penalty, in case of violations of rules, was left to the judges. Before commencement of Galaxy, pool captains were informed about events having student judges/moderators. Replacement of non-student judges/moderators by student judges/moderators due to unforeseeable circumstances was conveyed to the pool captains.

Suggestions and Recommendations

1. A seven-day-Galaxy, as against a six day one, will help in avoiding crammed schedule, ensure timely completion of day's events and to some extent reduce the workload of participants. Vacant time-slots must be provided on final two days to accommodate for postponement of any event on previous days.
2. Organizing Galaxy a week after mid-semester examination is the most apt as it provides balance between practice time and academic commitments for participants.

CULTURAL COUNCIL
GALAXY 2013
(4th March – 10th March)

3. Judges' panel should be at least two in number and try to involve as many faculty members as possible to improve interaction. Avoiding delays in events will make it easier to draw faculty members as judges.
4. Bring in more informal events that require little to no participation and attracts audience.
5. Division of points can be reworked to promote certain events.
6. Adequate experience should be present in the club in an event prior to introduction in Galaxy.

Final Point Distribution of Individual Events

Event	Marathas	Mauryans	Mughals	Rajputs	Maximum Points	
Group Dance	24	80	8	48	80	Dance
