## **Discussion on Hall Allocation Policy**

The President, Student Gymkhana presented the Hall Allocation Policy with the following changes

- The number of M.Tech's were reduced from 139 to 87 and 65 MBA were added in Hall 7.
- The number of M.Tech's were increased to 103 in Hall 4.

There were some concerns raised by the Hall representatives. They were as follows.

- Hall 1 representative requested that all UG 5<sup>th</sup> year student be kept in the same hall. The President, Student Gymkhana informed the CoSHA that there is not enough space in Hall 9 and if some 4<sup>th</sup> year students volunteer to live in Hall 10 then this would be possible.
- Hall 7 representative pointed out to CoSHA that M.Tech's have different culture and create problems.
- A Phd resident of Hall 7 disagreed with the president of Hall 7 that the Mtech's don't create problems.
- Any of the hall representative could not make any reasonable argument so the HAP-1 was passed.
- GH2 representative raised the concern that Phd's do not want to move to GH tower and suggested that instead UG y12 and y13 move to GH Tower.
- President, Student Gymkhana supported GH2 on this and informed the CoSHA that according to the institute's policy, a Phd student should be given a single room.
- GH1 representative said that sending y12 to GH Tower will weaken their HEC as most of the HEC members are from y12.
- GH2 representative raised the concern of GH2 being demolished and asked the President to find out the exact details of the same.
- Chairman, Student Senate assured the GH2 representative that any movement of GH2 will not be done without being discussed on the floor of COSHA and the senate.

- There was no issue raised on the boys policy of HAP-2. Hence, it was passed in CoSHA.
- Due to lack of information on the demolishing of GH2, no decision could be taken on GH policy.

The meeting was adjourned at 11:26 PM
