

# **MANIFESTO FOR THE POST OF DPGC STUDENT NOMINEE**

Name: Rajat Verma

Degree: 12117018, M. Tech, EEM.

Email: rajatver@iitk.ac.in

## **VISION:**

Bridge the gap between students and professors. Ensure that proper information is conveyed between them.

Try my best to ensure that the problems which were faced by our batch would not be faced by the junior batch.

## **MISSION:**

Conduct a GBM if needed between students and professors

Sensible allocation of TA, especially the lab TA's

Give full support by batch mates as well as juniors and address their problems of TA allocation, supervisor allocation/change and termination

If possible, I would make the supervisor allocation after the first semester results, instead of before the results. This way the potential supervisor will have an idea of the student's strengths and weakness and the supervisor allocation will be quicker and hassle free.
