

Manifesto

for post of DUGC student nominee
(Department of Physics)
Pratik Rath (11533)
Third Year Undergraduate

Mission and Vision:

As student nominee, i will act as a link between the undergraduate students of my department and the professors.

I will try to pursue the following causes:

- 1) Change the current criteria laid out by the new ARC in relation to the New ARC, regarding the ESO credits, which is currently 41.
- 2) I will try to make MSO 202a and MSO 203b compulsory for all undergraduate students of the department, and try to make appropriate changes in the Mathematical Methods course to avoid redundancy.
- 3) I will try to objectively look at all cases related to re-instatement appeals so that the feed back of the DUGC is taken into consideration.
- 4) I will make sure that all the concerns of the students are addressed timely and appropriately.

Credentials:

Assistant Coordinator,
Counselling Service, 2013-2014
