

Students' Senate (2016-17)

To consider the proposal for having a Male student representative in Women's Cell

Male Student Representative in Women's Cell

Proposed by: Ashutosh Ranka, President Students' Gymkhana

Proposal:

- It has been felt that the current representation in Women's Cell is sometimes insufficient and at times inappropriate for cases involving Male students. It is highly recommended to have a male student as a permanent member in Women's Cell.
