

Proposal for Web Division

Science and Technology Council has been developing several services, online and offline for the student community. Until this year, these used to be managed by the Programming Club. Since this year, this work has increased manifold, a permanent body is envisioned to maintain these initiatives by the council.

Vision

To be the centre for all Web and Software Maintenance for all initiatives by the council.

Mission

- To maintain and finally develop the following
 - Science and Technology Portal
 - Life@IITK
 - Nominations Portal
 - Voting Software and Portal
 - Virtual Machines and Gymkhana Server
- To maintain any future developments/services of the council
- To maintain the digital infrastructure owned by the Gymkhana

Abhigyan Verma

General Secretary, Science and Technology

Students' Gymkhana, IIT Kanpur
