

Vision - Techkriti'20

- ❑ To organise a grand Techkriti, which crosses the expectations of participants and campus Junta in every field possible from the level of events, setups for events, the whole ambience of the fest and pronites of famous artists
- ❑ To engulf every technical and entrepreneurial aspect such that it becomes the biggest competing platform for students all over the globe
- ❑ To create a mark not only in the minds of participants but also in its global partners, various personalities who visit and witness the grandeur of the festival
- ❑ To present IIT Kanpur as the leader in the race of technological innovation in the country and technical quality improvement for the benefit of the youth of the nation
- ❑ Our aim would be to expand our reach to most of the states of the country as well as abroad India as an emblem of the technological festival
- ❑ We aim to increase our mark in society by taking up a large number of feasible social campaigns
- ❑ To increase the Technical Competitive Skills among the Campus Junta by providing the opportunity to participate International competitions held during Techkriti
- ❑ To increase industry learning of students by bringing premium workshops to the campus students to enhance exposure to technical concepts
