

## Introduction

Galaxy 24 was conducted between 29th Jan 2024 and 12th Feb 2024. There were competitions from all the different MnC Clubs/hobby groups and all saw a wide participation from all the pools.

The council managed to get a few Sponsors which provided goodies and Judges for the event which can further be expanded to monetary deals from next editions.

## Recommendations

- The Pre-Conduction Report of Galaxy should be presented onto the floor of senate by 1st week of January, this will help the team to have sufficient time to make amendments to the rules (if any) and also provide the pools with sufficient time to prepare for the competition.
  - Rulebook should go through thorough discussion with the pool caps before putting onto the floor of senate, it will help to refine the areas of ambiguity.
- Galaxy Parade can be rethought and conducted in a different manner. The Parade currently does not solve the real essence of what a Parade should be like. The rules need to be well thought and discussed.
