

TECHKRITI'24

Techkriti'24

14th - 17th March, 2024

Pre-Conduction Report

Techkriti, the annual inter-collegiate technology and entrepreneurship festival organized by the students of Indian Institute of Technology Kanpur, received great response from the participants and the campus residents in its 30rd edition.

Theme: The Cosmic Nexus

Major Highlights

The Opening Ceremony will be held with ACM RKS Bhaduria (R) as the guest of honor. This year a great lineup of talks and panel discussions are planned with Eminent Personalities. The exhibitions in Techkriti this year will have a tremendous level of innovation and inspirational exhibits from all over the world. The tech-expo will showcase some remarkable exhibitions such as **Robotics Expo** and **Defence Expo by DRDO** and HAL.

Auto Expo and Drift show are new editions in Techkriti'24.

The startup expo has over **130+ confirmed startups** and **45+ VCs** and Investors coming. The Comedy Night is scheduled on 14th and the pronites will take place from 15th-17th.

TECHKRITI'24

Major Events

IARC: This event is about solving a maze via line following and wall following autonomous bots, emphasis on the basics of robotics. This event had the participation of 72 teams, each having 4 members. The teams were from India and abroad (Sri-Lanka, UAE, Bangladesh and Nepal).

Multirotor: In this event, participants were judged on both the aspects of a multirotor that is on the expertise of flying skill and the stability of the robot. These fascinating aircraft combine the flight characteristics of both a plane and a helicopter. 35 teams, each having 4 members participated in this event.

IORC: Indian Open Rubik's Cube is the first ever official Rubik's Cube competition in India started in

IIT Kanpur. IORC is conducted under the patronage of WCA- World Cube Association. This event witnessed a total participation of 50 people.

IOPC: It is the annual International Online Programming Contest of IIT Kanpur, organized by the Techkriti team. It is a prestigious programming contest where each coder whacks his brain to code solutions to the given problems. It is the place where optimization and proficiency matters, skills matter, hard work matters. The event has witnessed a participation of 90 teams, each having 4 members.

Sky Sparks: The competition involves RC aircraft with electric motors. The competition provides a platform to compete for different flyers through a series of different rounds doing different manoeuvres and showing their talent in flying like payload dropping, limbo flying and on spot landing. This event has witnessed a participation of 90 teams, each having 4 members.

TECHKRITI'24

TIC: Techkriti Innovation Challenge is an international event which provides a platform for researchers to present their work. This event accepts both hardware and software projects. The event conduction involves presentation in front of doctorate students and professors. This event witnessed a participation of 30 teams from various backgrounds like aerospace, electrical, robotics, software and automobile etc

Hospitality

Girls will be given accommodation in Hall6

Boys will be given accommodation in Hall 2,3, 5, 7,8, 9, 10, 12
