### 2. CPA Reinitiate

The majority of freshers used to join the Institute teams after their experience with sports during CPA till this year.

But because of the academic load on freshers, their classes started stretching till late evening and consequently, freshers are not getting proper exposure to sports early on. Proper scheduling of classes is needed to reintroduce CPA.

### 3. Streamlining the Captains Selection Criteria

Team captains are responsible for both managerial and strategic aspects and need to be selected with utmost care.

Currently, the coaches in consultation with the team decide on the new captain without the involvement of the Institute Secretary or the General Secretary.

We should formulate proper rules for the captain selection.

## 4. Inventory Upgrades

- a. Camera for the council: it was observed that last-moment unavailability of cameras led to poor or no coverage of various events throughout the year
- b. Matted arena for kabaddi society

## 5. Sports Culture in hostels:

The General Secretary, Games and Sports in coordination with sports secretaries of HEC should focus on the continuous conduction of events and sports facilities maintenance in the hostels.

This will strengthen the sports culture from the grassroots level and will provide opportunities for a larger pool of students to engage in sports throughout the year.
